April 2014

From the Editor

The SCRC Club Officers want to thank all who came out for the annual workday on March 29th. The weather was a bit cool and windy but several members came to help with the many tasks needed to be done. Most jobs were finished by noon and pizza was served for lunch. Thanks again for a job well done and the field now looks better than ever!

Mother nature gave us good weather for our 2014 Open House Fly-in. This resulted in a good turnout from other local club members and pilots who saw the fliers from hobby shops and Facebook. We also got several hundred visits on our SCRC website. John Underwood again served an excellent lunch for all to enjoy. Some first time flyers were taken up with the club trainers on buddy cords. One plane was lost and a couple of others damaged but a good time was had by all. I received some compliments about how nice our field is and how friendly our members are. They thanked us for the invite! That makes it all worthwhile!

Paul

Club Meeting Notes

Sunday, March 9th at 2:00 pm
52 degrees
North winds 5 mph
13 members present

Treasurers Report: BB 3545.00 CD 4034.00

Old Business: Roller had to be modified and extended to easily turn around behind the tractor. Leonard was able to have this done quickly so it can be used. Field will be rolled while mowing as long as rain keeps soil soft.

New Business: Work day for March 29th still on. Tasks will be sent during week of workday. A good turnout will be appreciated and easier for all. An Open house Fly-in is scheduled at the field for Sunday, March 30th.

Model of Month: Three identical models were voted in this month: Finnis Hopson, Dale Dickey, and John Underwood all had their tested and flown Hangar 9 P51 Mustangs. All are powered by .53 - .55 glow engines for matched speed and formation flying. All have retracts and fly great. Good going guys!

Crash of the Month: John Underwood damaged the wing on his H9 AT6 during an abrupt landing. Wing has been repaired and needs covering.

**April Club Meeting –
Sunday, Apr. 13 at 2 p.m. at the field**
