

SPACE CITY CRASH

Space City Website: <http://spacecityrc.com>

December 2017

Be sure to make the club meeting this Sunday at 2:00 pm. The 2018 club officers will be elected. We will also talk a bit about the club activities for 2018 season. Notes from the November meeting are as follows:

Last club meeting: November 12th, 2:00 pm

Minutes from October meeting read and accepted.

No treasurers report at this time.

Club President Wes Sullivan was able to secure for the club a \$500 disaster assistance grant from the AMA. Thanks, Wes!

Nominations for club officers in 2018. Wes Sullivan is starting his second of 2 year term as President.

Vice President- Joshua Borel or Darrell Kirk

Treasurer - Mark Kramer

Secretary- Andrew Thiel

Old Business- none

New Business: Preparations for the upcoming SCRC Pearl Harbor event. Andrew Thiel has a old 4 channel stereo with microphone and line in inputs as a pa system we can use for the event. We will have an open field to the public a day before the event.

Model of Month: Paul Curry flew his 1/3 Scale Balsa USA Sopwith Pup. Powered by a 4.2 Sachs engine that uses old style points and condenser ignition system. Runs and flies excellent!

Crash of the Month: Greg Yancy crashed his 85" Top Flite Corsair on a too low pass. The engine kept going down the field for several yards. Replacement Corsair almost done!

From the Secretary: After 9 straight years of serving the club as Secretary and NL editor, it's time for me to take a break. I'm sure the new club officers will continue the recognition of Space City RC and push new and productive ideas to make this club the #1 club to join for anyone in the Houston area seeking a place to fly. Many guests to this field in our events said they really like flying here as it has a very relaxed atmosphere and a beautiful smooth runway for a grass field. We hope to keep it that way as long as possible! Field Maintenance foreman, Greg Yancy and I have a few ideas to make it a safer and better field to fly. Bring in your ideas as well!
Paul
