

# SPACE CITY CRASH

Space City Website: <http://spacecityrc.com>

July 2015

## From the Editor

June was all but a washout for weekend flying at SCRC. Most weekends had soggy conditions on the field and parking lot and mowing was impossible without damaging the runway with tractor ruts. Mother Nature is finally showing some relief from the rain and the field is slowly drying out. Keeping it mowed is also a problem as the mower is in need of repairs now almost monthly. At least the sprinkler system is not a problem this year. Things will be better soon as this has been a strange year weather wise. Since there has been little flying, I have no pictures for this month's newsletter. Sorry.

Those who want to compete in this year's Scale Masters National Event at Bomber Field in October 8-11, 2015 will have to qualify at the Scale Qualifier on August 1-2, 2015 at Bomber Field. Information is vague at this moment and I will pass it along as it comes available. A few SCRC members have shown interest and two have already qualified at the Fort Worth Qualifier. Please let me know if you need info for these events. Thanks, Paul

## SPACE CITY RC CLUB

<b>President</b>	Finnis Hopson 281-352-4216
<b>Vice President</b>	John Foster 281-259-5460, 281-731-8306
<b>Secretary</b>	Paul Curry 281-450-5517
<b>Treasurer</b>	John Blackmon 281-351-9772, 281-794-9556
<b>Events Director</b>	Dale Dickey 281-463-8462
<b>Newsletter Editor</b>	Paul Curry 281-450-5517

## Club Meeting Notes

Last meeting June 14<sup>th</sup> 2015

16 members present 85 degrees, winds East at 15-20 mph

Minutes accepted as read

Treasurers report: BB 2371.16 CD 4050.94

John Blackmon is checking on higher yield options for the CD certificate.

TR accepted as read.

No Old Business at this time.

New Business: Field tractor in need of major deck repairs again. Considering replacement if repairs cannot be made. More research needed for available parts.

Model of Month: Dale Dickey flew his H9 F6F Hellcat. Powered by a DLE 20 gas engine, electric retracts, and uses a Futaba radio. He said it flies like any H9 plane, easy and predictable. Nice plane, Dale!

Crash of Month: Finnis Hopson lost his DLE 20 powered H9 P51 Mustang while circling for a landing. The plane had the retracts down before the final turnaround and it lost radio signal. It went full throttle thru the south end trees. The destroyed plane left any evidence for reason of failure. Bummer, Finnis!

---

Please send any pictures of your latest projects, finished or unfinished, to me at [pgpjcurry@sbcglobal.net](mailto:pgpjcurry@sbcglobal.net). Tell us about your experience and planning for it. Any pictures taken at the field at any time are welcome in the newsletter. See you at the field! Paul

***Please be sure to pick up your trash  
from the field and take it home.  
Please leave no trash at the field!***

---

**July Club Meeting –  
Sunday, July 12 at 2 p.m. at the field**
