

# SPACE CITY CRASH

Space City Website: <http://spacecityrc.com>

March 2014

## From the Editor

Spring and fly-ins are just around the corner. Six SCRC members went to the Jetero RC fun fly contest. There were 18 total pilots competing. There were four rounds with one or two tasks per round. It became a survival of the fittest towards the end as many planes were destroyed during the contest. In the end, SCRC had some repairs done to planes but all survived. Cole Kramer did the best as he won the 1<sup>st</sup> round awards with a plaque, and also a shirt with a \$20 gift certificate to RC Hobby shop. I had a terrible day and came in last or next to last place. My pilot registration number was #13. That's my excuse and I'm sticking to it! We all had a good time. Paul

## Club Meeting Notes

Last meeting was Feb 9<sup>th</sup> at 2:00 pm  
18 members present  
68 degrees winds SW at 5 mph  
Minutes accepted as read

<b>Field Maintenance</b>	Leonard Fangué 281-579-9462

Field Telephone: 281-371-3457

**Old Business:** Annual workday scheduled for Saturday, March 29<sup>th</sup> 2014. A list will be made and sent out to members before the workday to give members an idea of the tasks and tools to bring. No helicopter fly-in this year. Plan to have one in 2015 though. New field roller is delivered, assembled, and ready for use.

**New Business:** We will have a Sunday Open House Invitational fly-in on the 30<sup>th</sup> of March. This is a non-AMA sanctioned event to promote SCRC in general. We will invite all local clubs and members for a day of flying and lunch. I will send flyer to all club presidents, hobby shops, club bulletins, and websites.

**Model of Month:** Paul Curry won with his 1/5.5 scale Skyshark P40 ARF. Plane was done in the Russian winter paint scheme and powered by a 70cc glow engine. First flight was uneventful. Engine still needs correct fuel/oil content, break in, and carb tuning to achieve full potential.

No crash of month:

## For Safety's Sake

We still have too many pilots taxiing or running engines west of the fence line close to the pits. There are signs that specifically say not to do this. They are posted there for a reason. Please obey the rules and respect the safety of others around you. One injury incident is too many.

---

**March Club Meeting –  
Sunday, March 9 at 2 p.m. at the field**

---

## At the Field

## Team SCRC at Jetero Fun Fly

**Space City RC Club**  
hosts the  
**2014 Open House Fly-In**

**Sunday, March 30<sup>th</sup>**

**10:00 a.m. – 5:00 p.m.**

**No landing fee**

**Free lunch served from 12:00 to 2:00**

We invite all area club members to join us for a relaxing day of RC flying at our field in Katy, Texas. Any type of aircraft flies – gas, glow, turbine, electric, multi rotor, control line, etc.

We have a smooth 600'x200'rolled grass runway, ample pit areas with electrical plugs at all tables and an unrestricted flight area.

See our website ([www.spacecityrc.com](http://www.spacecityrc.com)) for a map and directions.  
*Be sure to check out the video of an inflight view of our flying facility.*
