Space City Website: <http://spacecityrc.com>

March 2015

## From the Editor

Flying season is gearing up and the club has had a few maiden flights of winter projects recently. The AMA event calendar for Texas is filling up quickly and there are many new clubs and flying fields that are putting on local events this year. More choices mean more fly-ins to choose from. It does create a sanctioning conflict at times if a club plans to put on multiple events during the year. Luckily, District 8 has a seasoned Sanctioning Director that keeps things in line and solves problems in a professional manner. That would be a job I wouldn't want!

Remember to go to other clubs' fly-ins often and display the Space City banner to show that we are an active club. That encourages other clubs to come to our events to show their appreciation of active clubs.

2015 will be another busy year for SCRC and that's how it should be. See you at the field! Paul

Treasurer's Report: BB 2271.00 CD 4047.56

TR accepted as read

Old Business: Roller need of repair of bearing. Water leak at end of pit. Repairs in process. Repairs on Olens Road potholes are under way. We thank all who helped spread gravel and concrete.

New Business: Annual club workday is Saturday March 28<sup>th</sup>. We will discuss tasks needed at the March 8<sup>th</sup> meeting. Club member and landowner Don Davis has donated his land and all RC related equipment to be auctioned off to members and the proceeds will go to the club. John Blackmon will make an itemized list and price of equipment and send to the members. Get with him for more information. We thank Don for his generosity.

Model of Month: Adam Mendoca won with his Asula 2 meter pattern plane.

No Crash of Month

Please send any pictures of your latest projects, finished or unfinished, to me at [pgpcurry@sbcglobal.net](mailto:pgpcurry@sbcglobal.net). Tell us about your experience and planning for it. Any pictures taken at the field at any time are welcome in the newsletter. See you at the field! Paul

Sunday, Mar. 8 at 2 p.m. at the field**

## Pilot Projects

Mark Cole's 1/3 scale Sopwith Pup had its maiden flight and it flew perfectly. It only needs some structural cables and tail skid strengthening to be finished. This two year project has been beautifully executed. Good work Mark!
