October 2016

From the Editor

Hard to believe it is October already as we have not had any significant cool fronts yet to remind us. The Fall flying season is in full swing as fly-ins are happening all around the state.

Preparations are being made for our Fall Warbird Fly-In coming up October 14 and 15. I will send a reminder to the club of this earlier in the week to round up members for helping out during the two-day event. Any help from the club is appreciated.

Mark Kramer and I made the trip to Dayton, Ohio last week for the Dawn Patrol Rendezvous at the Wright-Patterson Air Force Museum grounds. The pilot count was 55 RC pilots with 75 plus planes and 17 Full scale pilots and their planes. We were able to make several flights including a 12 plane dawn patrol flight and return home with undamaged planes. The Air Force Museum there is a sight to see for any air plane enthusiast as it

takes 4 to 5 hours to walk thru it all. Looking at it online does no justice of the size of these amazing aircraft. Paul

Treasurers Report: BB 1709.55

Old Business: Discussed preparations for SCRC Fall Warbird Fly-In

New Business: Talked a bit about the north end ditch widening project by the county flood control district. According to Leonard, they agreed to postpone the project until after our Warbird Fly-In.

No model of month.

Crash of the Month: Finnis Hopson damaged his ESM T28 at the Austin Big Bird Fly-in. Due to small fuel capacity, the plane was flown till out of gas and found out the plane does not glide at all without any engine power. Damage mainly in front end retract and nose area.

Please send any pictures of your latest projects, finished or unfinished, to me at pgpicurry@sbcglobal.net. Tell us about your experience and planning for it. Any pictures taken at the field at any time are welcome in the newsletter. See you at the field! Paul
